Actually, it looks like they've reduced the scope... We'll look at this more, but hopefully it'll still fly.

Thanks. We're still working on the LOE—Blaine is on travel and we're hoping to get his thoughts on the bio part. I think it's safe to say it'll be more than they have, but we'll get something in writing and go from there.

Subject: PNPS info on off shore intake

Jennifer and Kelly –

The attached file includes all of the information PNPS submitted regarding an off shore intake. It should be helpful as TetraTech progresses through its analysis.

Let me know if you have any questions. Thanks.

Damien Houlihan, Chief

Industrial Permits Section

Office of Ecosystem Protection
